Friday, 1st October
Last day of Term 3

Monday, 18th October
Term 4 begins

Monday, 25th October
Labour Day - School Closed

26th - 29th October
Room 2 Camp

It is with sadness that the Board announces the departure of our principal, Craig Sedgwick, at the end of term 4 2021. Craig joined Waiau School at the start of term 3 2019, and in that time has worked enormously hard both in the classroom and out of it, and has brought about great change in the culture of our school. When Craig joined us, we gained another excellent teacher in Keren Edwards, and we will be sad to see her leave us as well.

The Board is now working towards finding a new principal for 2022 and we have contracted Neil Wilkinson to assist us in this project. Neil worked with the board back in 2019, when we appointed Craig, and we found his guidance invaluable. We take the appointment process very seriously, and will work hard on finding the right principal for the next chapter in Waiau School's journey. Thank you to everyone - tamariki, whānau and staff, for your input towards working out what our ideal principal will look like.

Mr Sedgwick and Miss Edwards will be with us until the end of term 4, when they will leave with their family for their next adventure. We hope we'll see them back to visit Waiau in the future.

Annabel Harris
Waiau School Board Chair

School Photos Tomorrow

Just a reminder school photos are tomorrow. All children to be wearing correct winter school uniform please (black or green bottoms/green polo).

Sibling photo forms were sent home yesterday please return if you would like to have these taken. Sibling photos with preschoolers will be at 12.30pm.

Room 2 Camp

This year's camp will be held at the YMCA Arthur's Pass on the 26th - 29th of October for our year 4-6's. We are very lucky to still attend under level 2 restrictions. Forms have gone home today so please check the school bags.

Pet Day

The great Waiiau School Pet Day is ready to go on **Friday the 1st of October**. It will be a fun day of learning, showing, leading, and hopefully well behaved animals!

Due to Covid 19 and Covid regulations we are doing our best to hold this event so please be flexible. It may run a little differently than usual. A letter has gone home today please send this back asap as we would like to confirm the animals they children are bringing.

Merino Jerseys

If your child has outgrown their merino jersey and would like to move up a size please let us know we may be able to do a swap around. We also have some size 12-14 from our year 6 leavers.

Library Books

Just a reminder that library day is Friday. Children are able to take home 3 books each week.

We are really lucky to have our library and we would love it if you could remind the children to return their books each week. We will be sending home regular notices and invoices will be issued to outstanding or unreturned books.

Resources from lockdown

If you have any resources or devices at home that were loaned to you during lockdown please return to school asap.

School App

Please let us know if you are not receiving alerts in our school app. An alert was sent out yesterday about our school trailride meeting we would like to know you are all receiving these alerts!

Check out our learning!

Monday Clara

dingly-dangly

- I can see a ~~alien~~ alien
- It has 6 eyes and the
- alien has a rocket ship **rocket-ship**
- and it has dingly-dangly
- hey ~~that alien~~ has ~~5~~ 5 legs **5**

Monday Callum

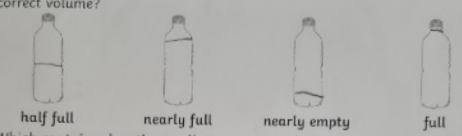

- I can see a ~~alien~~ alien
- alien
- It has 5 legs

Henry

Capacity and Volume

Can you draw a line on each container to show the water level at the correct volume?

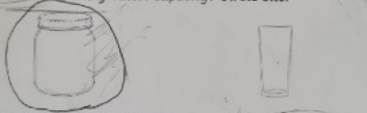

half full nearly full nearly empty full

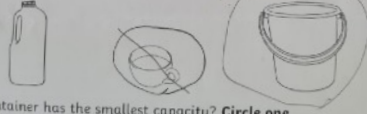

Which container has the smallest capacity? Circle one.

Which container has the greatest capacity? Circle one.

Which container has the greatest capacity? Circle one.

Which container has the smallest capacity? Circle one.

1c = 250ml 1tsp = 20ml 10c = 12 + 20ml

Measuring Capacity Using a Tablespoon

Estimate and measure the objects below using tablespoons of water.

Object	Estimate	Measurement
Plastic cup	I estimate the plastic cup to hold <u>14</u> tablespoons of water.	The plastic cup held <u>15</u> tablespoons of water.
Bowl	I estimate the bowl to hold <u>78</u> tablespoons of water.	The bowl held <u>65</u> tablespoons of water.
Mug	I estimate the mug to hold <u>9 1/2</u> tablespoons of water.	The mug held <u>29</u> tablespoons of water.
Ice cream container	I estimate the ice cream container to hold <u>16</u> tablespoons of water.	<u>250ml</u> + <u>15 Tbs</u> = <u>8</u> The ice cream container held <u>8</u> tablespoons of water. <u>8c = 8 x 250ml</u>

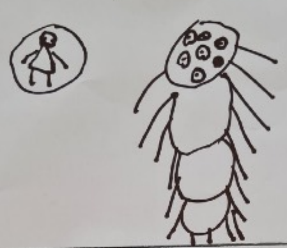

Order the capacity of the objects from smallest to largest.

Monday Jake

- I can see an
- alien.

Monday millie

- I can see 2
- alien
- It has 38 **608** bodies

FYI

Assembly

Assembly will be tomorrow **Friday, 17th September at 2.30pm**. Please come and join us.
